Direct-Drive Post-Bed Single Needle Compound Feed Sewing Machine GOA-1730B-7

Application

Suitable for topstitching decorative seams on three-dimensional materials in fields such as sofas and automotive interiors.

Features

- Practical features such as automatic thread trimming, automatic backstitching, pneumatic presser foot lifting, an integrated LED sewing head light, a hands-free thread winder, and a self-locking stitch length dial make daily sewing easier and more efficient.
- Extra-large working space and right-side post-bed bobbin design facilitate the sewing of curved materials.
- When sewing stepped areas, the DL function shortcut button can be used to effectively reduce issues such as dense stitches, thread breakage, and material damage at thick seams.
- Horizontal large rotary hook structure allows sewing with up to 9-strand nylon thread.
