

全自动双头皮革缝纫机

专为皮革类材料研制的缝纫机头，
轻松应对单层及复合皮料缝制。

Fully Automatic Dual-Head Leather Sewing Machine

This sewing head is specially developed for leather materials, easily handling sewing of single-layer and composite leather.

应用领域

适用于汽车座椅、汽车内饰、航空座椅等应用领域，针对各种类型及不同厚度的真皮、超纤皮革及复合皮料的全自动缝制加工。

Application

It is suitable for automotive seats, automotive interiors, aircraft seats and other applications, performing automatic sewing processing on various types and different thicknesses of genuine leather, microfiber leather and composite leather materials.

性能特点

- 双机头同步缝制，效率翻倍，满足批量生产加工。
- 专为皮革类材料研制的缝纫机头，轻松应对单层及复合皮料缝制。
- 15寸触摸中控屏，人机交互友好，操作简单直观。
- 配备皮革专用2倍大旋梭，底线容量大。
- 关键部件如针杆及相关零件采用DLC涂层处理，表面硬度高，耐磨损。
- 配备面线夹线功能，缩短缝纫线头，抑制起针鸟巢。
- 集成面线断线实时检测、底线用量精准计数、裁片产量自动统计功能，实时掌握生产状态。
- 专用工装固定方式，换料便捷，定位精准。
- 机头配备自动雾化供油系统，有效延长运动部件使用寿命。
- 选配：专业制版软件，再登智能冲绣缝CAD系统。

Features

- Dual-head synchronous sewing doubles efficiency to meet mass production requirements.
- This sewing head is specially developed for leather materials, easily handling sewing of single-layer and composite leather.
- 15-inch touchscreen central control provides a user-friendly, intuitive operation experience.
- Equipped with a 2X Jumbo Hook dedicated for leather, it offers large bobbin thread capacity.
- Key components such as the needle bar and related parts are treated with DLC coating, featuring high surface hardness and excellent wear resistance.
- It comes with top thread tensioning function to shorten thread ends and prevent bird's nesting at stitch start.
- Integrated functions include real-time top thread breakage detection, precise bobbin thread remaining count and automatic cut-piece output statistics, enabling real-time monitoring of production status.
- Specialized fixtures ensure quick material changes and precise alignment.
- The sewing head is fitted with an automatic atomizing oil supply system to effectively extend the service life of moving parts.
- **Optional:** Professional pattern-making software and GetonAgain Intelligent Punch-Embroidery-Sewing CAD.

全自动双头皮革缝纫机 Fully Automatic Dual-Head Leather Sewing Machine

常规型号 Models

型号 Model	系列 Series	机头数 No. of heads	最大缝制面积/头 Max. Sewing area/head	占地面积(mm) Machine Size (L×W×H)
GOA-AS	C	2	900×600	4700×1840×1620mm
GOA-AS	C	2	1200×800	5600×2300×1620mm

参数说明 Parameters

最高缝纫速度： Max. Sew Speed:	800-1000针/分 800-1000stitches/min	针迹步长： Stitch Length:	0.1-25.6mm
缝纫适用针： Sewing Needle:	18#, 21#, 23#	旋梭： Rotary Hook:	2倍旋梭 2x Rotary Hook
供油： Oil Supply:	自动供油 Automatic oil supply.	工装固定方式： Tooling Fixation:	气动压框 Pneumatic Frame Pressing
电源： Power Supply:	单相220V/三相380V Single Phase 220V / Three Phase 380V	气压： Air Pressure:	0.6Mpa

主要配置 Machine Configuration

15寸高清晰工业触控中控屏
15-inch High-Definition Touch Screen

专用缝制机头
Specialized Sewing Machine Head

专用工装
Specialized Fixtures
